Honorable Judge Sue

Humbly I write to say a few things. One is that I do not have a problem with extortion, 1 or 2, the state has ask for, and just to add, I was in this dilemma alone the only black among the Judge, Jury, Prosecutor, and Exprosecutor Mr. Timothy Willard who represented me. In thought of this I awake every morning with a 24 year sentence under these conditions, No evdents, inconsistant stories between witnesses of an imaginary gun, Alledge Victim of Robbery - Non existing throughout the entire court proceedings, Jury inquired of such victim before reading the verdict,

Judge Grover answered work with what you have because his non existence was irrelevant, The Jury knows, but any<sup>thru</sup> of the Alledge robbery victim Mr. Swift nor do they have any knowledge of the accusers arrest record and Cr history - Leading Charge Pasley Reporting Incident. Just to name a few of 15 grounds ground 15 is in fact a clear miscarriage of Justice according to the constitutional negotiations - Altered/Amended article of a Jury/Heard Jury Indictment Rendered Void.

Consideration of further thought if any.  
 I understood under No Circumstances should I be in contact with Police, signing the Habitual

pg. 2

To go home - I was done as I knew it was time for a major change, But I didn't get that chance, Because I crossed the street seeking a ride - a ride that consisted of 5 or more state trooper cars, Hand cuffed, police station, Court, 9 felonies, Booking, receiving, and a cell all in less than an hour, not fast enough for a black man with a criminal history. Yet it has but anything to do with me being innocent of what I was accused of.....

In the 4 years of a 24<sup>th</sup> sentence, I've managed to rehabilitate myself enrolling in various programs completing with certificates while working towards my H.E.D.

For your interest I thought to add that of fact I am committed to change - know matter what may happen - But know that I won't give up and I won't be wore down simple because I know as you do that I am innocent.....

You got 4 years out of me with hopes of more and I am sorry you feel that way. But we must see it for what it is. Mr. Petrocittio did not get what he was after as he didn't care if I rotted in jail or not.

Nicole or Kathy didn't seem to mind being with me until her freedom was threatened. The state got what it wanted with the help of the two mentioned. How I'll never know, But it was allowed.

I am only looking for the fairness in all this and now is a good time for such....

Thank you

Waverly White

Humbly i write to say i havnt a problem with extortion 1 or 2, and that i own my innocence as i know from the begining.

Yet i awake every morning with a 24 year sentence under these conditions, No Evidents, inconsistant stories between witnesses of an imaginary gun, Alledge Robbery Victims - Non existing throughout the entire court proceedings, Jury enquired of such victim. Judge Granes Answered - Work with what you have, Because his non existant was irrelevant, The Jury has know knowledge of the accusers Cr. history simply because they were sent out of the court room during the questioning of? falsely reporting incident, Just to name a few of 15 grounds - Especially ground 15 - Altered/Amended article of a Grand Jury - Indictment Rendered Void Clearly a miscarriage of Justice according to the constitutional Regulations,

Agin if i may with the deepest respect and in the name of our lord and savior ask How (WH) i under these conditions sentence to a 24-year sentence?

Please Recognize My Innocence.
